## Quality and Education Service

Continuing  
Professional  
Development

www.stlukeshospice.com

St. Luke's has over 20 years of experience in caring for patients and families with palliative and end of life care needs.

Our Education Team facilitate evidence based palliative and end of life care training to the multi-professional team working in either palliative/end of life care or generic settings. We provide learning opportunities that will enhance and improve end of life care for patients across the community.

Our aim is to deliver specialist education that will make a difference to the lives of patients and carers, wherever they are cared for.

We can offer bespoke training opportunities tailored to your individual needs which is facilitated by expert clinicians who specialise in their particular field, including training for new clinical staff working in end of life care.

We can also offer a comfortable venue and catering options as part of your individualised packages.

### **TWO TYPES OF TRAINING ARE AVAILABLE:**

Study days provided at St. Luke's or bespoke palliative/end of life care training at your place of work or your venue, by specialist staff who are experts in their field:-

### **And many more.....**

Why not request a copy of our education programme? If you cannot find what you are looking for we may be able to assist you!

#### ***FEEDBACK FROM PREVIOUS STUDY DAYS...***

*"I feel I have a better understanding of young people now. I feel like I am able to think the way a grieving child/adolescent thinks and hopefully be able to say and do the right things to help them"*

*"The practical session was really enjoyable and enjoyed the opportunity to have a go! Leaving here with lots of enthusiasm, thank you"*

*"Very informative day and very enjoyable. Would recommend the training"*
